IMPORTANT – INDOT SESSION IMMEDIATELY FOLLOWING TECHNICAL COMMITTEE

Immediately following the February 6 Tech meeting, INDOT will host a committee engagement session on state and local transportation activities and needs in the region. As part of that discussion, INDOT would like to know what major projects are happening or major issues you're seeing in your own communities that INDOT should be aware of as they plan improvements of state highways and interstates. Please plan to stick around for an hour after regular IRTC business concludes to be part of the feedback to INDOT.
