## 1. Transportation Conformity

Refer to the 2022-Q3 Transportation Conformity Determination Report for Central Indiana for required federal conformity determination for this Amendment #2 to the 2050 MTP.

This amendment to the 2050 Metropolitan Transportation Plan (MTP) includes:

- Additions and updates of Indiana Department of Transportation (INDOT) project
- addition of IMPO member projects

## 2. Background

The 2050 MTP is the IMPO's 30-year vision and plan for implementation of major regional projects. The IMPO works closely with all of its local public agencies (cities, towns, and counties), as well as INDOT, local transit operators, and other relevant agencies in creating the MTP. As projects are selected for federal funding they advance to implementation, at which point they are programmed into the IMPO's 4-year Transportation Improvement Program (TIP) for study, design, and construction, provided they attain environmental permits and other necessary clearances.

## 3. Public Review and Approval Process

Public consultation was conducted consistent with planning rule requirements in 23 CFR 450. The 2050 MTP Amendment #2 was made available for public review and comment from August 1, 2022 through August 15, 2022, and during a public hearing on August 17, 2022 during the IMPO Transportation Policy Committee Meeting. A summary of comments can be found in Appendix A.

## 4. Fiscal Constraint

Transportation conformity requirements in 40 CFR 93.108 state that transportation plans and TIPs must be fiscally constrained consistent with DOT's metropolitan planning regulations at 23 CFR part 450. This amendment meets reasonable fiscal constraint requirements.

Amendment #2 to the 2050 MTP includes the following projects. See full updated table of 2050 MTP projects in Appendix B.

### Non-Exempt amendments to be updated within the 2050 MTP List of Projects:

- *Add Project:* Greenwood (Johnson County) – MTP # 5205 – Worthsville Road from Honey Creek Road to S.R. 135 (Section 1) – Added Travel Lanes from 2 to 4 lanes – Illustrative List (2050+)

- *Add Project:* INDOT (Boone County) – MTP # 1003 – DES # TBD – US 421 Added Travel Lanes from 2.91 miles north of the north leg of I-465 to 2.86 miles south of SR 32, from 3 lanes to 5 lanes – Illustrative List (2050+) – \$10,000,000

### Other Non-Exempt amendments within Central Indiana 9-county ozone area to be added to the regional Transportation Demand Model:

- INDOT (Boone County) – DES # 2200176 – I-65 / US 52 New Interchange near CR 300N – Letting Date: July 2025 – \$28,000,000
- As per routine procedure, the IMPO and MCCOG (Madison County) coordinate the functions of each agency’s transportation demand model when appropriate and as possible, to ensure collaboration within the 9-county airshed.

The following table summarizes planned expenditures by plan period from the tables in Appendix B. In each period the projected revenue is more than the planned costs, therefore the plan is fiscally constrained.
