02 History

The Indianapolis Metropolitan Planning Organization (Indianapolis MPO) is the regional entity that plans and programs federal transportation funds for highways, transit, non-motorized transportation, and other means of moving people and goods for the Indianapolis region. The IMPO works within federal transportation requirements to guide the development of a multi-modal transportation system within the Metropolitan Planning Area (MPA), an area that includes the urbanized area plus areas expected to urbanize by 2030. The Indianapolis MPA currently incorporates 1,520 square miles, 39 jurisdictions, and approximately 1.5 million residents.

The IMPO Policy Committee is the governing body and contains the chief elected official, or their appointee, from dues-paying IMPO members, including eight (8) counties, eleven (11) cities, and seventeen (17) towns, in addition to nine (9) partner organizations who plan for and/or provide transportation services within the region. The IMPO Technical Committee provides technical advice to the IMPO Policy Committee and is comprised of technical experts from the Central Indiana member agencies.

03 Context

The IMPO is seeking to update their previous Regional Freight Plan. This update will rely on existing plans, data analysis, and stakeholder input to construct recommendations for Central Indiana to enhance the freight network in the region. The plan will consider all modes of transportation and identify specific freight corridors/geographic areas that will enhance freight movement with strategic surface transportation investment. Recommendations should also include specific projects and planning activities to further freight goods movement. The plan should identify planning, multimodal infrastructure improvements, and/or policy recommendations for Central Indiana that will enhance the freight corridors and areas. Recommendations in this plan will be used in IMPO planning and project selection. Any recommendations may be used in the creation and maintenance of the next major Metropolitan Transportation Plan (formerly the Long Range Transportation Plan).

04 Work Elements

Tasks

The Indianapolis MPO requests the following tasks as part of the project scope. The consultant may propose a different approach to the project, as long as the following tasks are included. The Indianapolis MPO reserves the right to request changes to the scope, as appropriate, during contract negotiation.

Year One

1.1: Convene and Research

During the initial year of this contract, IMPO will invite a broad and diverse groups of stakeholders from the public, private, and philanthropic sectors to participate in the freight strategy committee. This will include business and trade associations, local units of government, state agencies, and business leaders that work within the freight community.

The consultant shall conduct background research, fact-finding, examine best practices, and review existing plans and use this information to inform the freight plan. The consultant will also establish existing conditions of the region in relation to the freight community.

Results

- Schedule of planned meetings of the strategy committee with milestones/tasks for each
- Summary of the reviewed research and documents that will inform the freight plan
- Establish existing conditions of the region in relation to freight
- Data dictionary of all sources and extraction dates
- Maps and all accompanying shapefiles
- White paper on methodology of data analysis
- Spreadsheets of analysis conducted
- Presentation of findings to strategy committee

1.2: SWOT Analysis

The strategy committee, consultant, and IMPO staff will work together to conduct an analysis of the strengths, weaknesses, opportunities, and threats (SWOT) of the region regarding freight. This will be done through committee meetings, focus groups, surveys, and stakeholders.

Results

- Record of all participants, including demographics
- Agendas for group meetings
- Online survey questions with distribution strategy

- Compilation of survey results
- Cumulative report of SWOT findings

1.3: Scope of Work

Based on the information gathered and input from involved groups, the consultant will work with the IMPO to establish a direction for the rest of the freight plan that will result in a plan with useable and applicable information for the region. This shall build on the previous freight plan while introducing new information, as well.

Results:

- Detailed scope of work, action plan, and detailed schedule for the project.

Year Two

Part/year 2 will consist of the consultant implementing the scope of work that was established in previous tasks. This is loosely defined because the IMPO is looking to develop the freight plan scope after convening, research, and data analysis with the selected consultant. The consultant is expected to work with the IMPO staff to establish the scope of work that addresses the needs of the region.

2.1: Implementation Strategies

The consultant shall identify strategies that address the needs of the region based on the information gathered in part/year one. The implementation plan should include strategies of local, state, and sub-regional economic development organizations. The goal is to create a coordinated Central Indiana strategy that works well within the existing freight network.

Results:

- Inventory of existing strategies
- Analysis of previous recommendations to see what can and should be implemented from the previous freight plan
- Facilitation of the strategy committee and working groups
- Documentation of the strategy and implementation process/plan

2.2: Performance Measures

Working with the IMPO staff, the consultant shall review previous performance measures to determine what to keep, modify, remove, or add. These measures should be based on data collected in previous tasks that can be tracked, benchmarked, and reported.

Results:

- Performance measures, how to measure them and potential benchmark goals
- A white paper documenting the methodology to be used in calculating each measure

2.3: Public Involvement

Once a document has been established and the strategy committee gives the okay, the document will be open for public review and comment. The IMPO will respond to comments and make any edits.

Results:

- Final draft of the document
- Final presentation of findings to the Transportation Policy Committee
- Final review and approval from the Transportation Policy Committee

Insurance. Pursuant to agreement from all parties, in light of the nature of this Agreement (i.e. personal and professional services) no insurance shall be required.

5.08 Termination for Cause or Convenience.

5.08.1 If Contractor becomes insolvent, or if it refuses or fails to perform the work and services provided by this Agreement, or if it refuses to perform disputed

work or services as directed pending resolution of such dispute, or if it fails to make payments to subcontractors employed by it, or if it otherwise violates or fails to perform any term, covenant or provision of this Agreement, then MPO may, without prejudice to any other right or remedy, terminate this Agreement in whole or in part, in writing, provided that Contractor shall be given (1) not less than ten (10) calendar days' written notice of MPO's intent to terminate, and (2) an opportunity for consultation with MPO prior to termination. In determining the amount of final payment to be made to Contractor upon such termination for default, if any, no amount shall be allowed for anticipated profit on unperformed services or other work; furthermore, an adjustment shall be made to the extent of any additional costs incurred or reasonably foreseen by MPO to be incurred by reason of Contractor's default.

5.08.2 This Agreement may be terminated in whole or in part in writing by MPO for MPO's convenience; provided that Contractor is given (1) not less than ten (10) calendar days' written notice of intent to terminate and (2) an opportunity for consultation with MPO prior to termination. If MPO terminates for convenience, Contractor's compensation shall be equitably adjusted.

5.08.3 Upon receipt of notice of termination for default or for MPO's convenience, Contractor shall (1) promptly discontinue all services affected, unless the termination notice directs otherwise, and (2) deliver or otherwise make available to MPO all Works and such other information, materials or documents as may have been accumulated by Contractor in performing this Agreement, whether completed or in process.

5.08.4 If, after termination for Contractor's default, it is determined that Contractor was not in default, the termination shall be deemed to have been made for the convenience of MPO. In such event, adjustment of the price provided for in this Agreement shall be made as provided in Section 5.08.2 and the recovery of such price adjustment shall be Contractor's sole remedy and recovery.

5.09 Termination for Failure of Funding. Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by MPO are at any time insufficient or not forthcoming through failure of any entity to appropriate funds or otherwise, then MPO shall have the right to terminate this Agreement without penalty by giving written notice documenting the lack of funding, in which instance this Agreement shall terminate and become null and void on the last day of the fiscal period for which appropriations were received. MPO agrees that it will make its best efforts to obtain sufficient funds, including but not limited to, requesting in its budget for each fiscal period during the term hereof sufficient funds to meet its obligations hereunder in full.

5.10 Indemnification. Contractor agrees to indemnify, defend, and hold harmless MPO and their respective officers, agents, officials and employees for any and all third party claims, actions, causes of action, judgments and liens to the extent they arise out of any negligent or wrongful act or omission or breach of any provision of this

Agreement by Contractor or any of its officers, agents, employees or subcontractors regardless of whether or not it is caused in part by the negligence of a party indemnified hereunder.

Such indemnity shall include attorney's fees and all costs and other expenses arising therefrom or incurred in connection therewith and shall not be limited by reason of the enumeration of any insurance coverage required herein. MPO shall not provide such indemnification to Contractor, provided, however, that Contractor shall be relieved of its indemnification obligation to the extent any injury, damage, death or loss is attributable to the acts or omissions of MPO.

- 5.11 MPO Premises/Facility. Contractor agrees to take all action necessary while on MPO's premises to ensure that anyone performing work under this Agreement, shall not jeopardize, injure, threaten or in any way compromise the health, safety and/or well being of the person at MPO's facility, including, but not limited to its employees. In addition thereto, Contractor agrees to adhere to any and all applicable safety and procedure policies in place and used at MPO's facility. Contractor further agrees that any property situated on MPO's premises and owned by MPO, including disks and other storage media, filing cabinets or other work areas, is subject to inspection by MPO personnel at any time with or without notice.
- 5.12 Notice. Any notice required to be sent under this Agreement shall be sent by internationally recognized overnight courier, certified mail, facsimile or other delivery method which provides confirmation of receipt and shall be directed to the persons and addresses specified below (or such other persons and/or addresses as any party may indicate by giving notice to the other party):

- 5.13 Disputes. Contractor shall carry on all work required under this Agreement and maintain the schedule for services during all disputes or disagreements with MPO. No work shall be delayed or postponed pending resolution of any disputes or disagreements except as Contractor and MPO may otherwise agree in writing. Should Contractor fail to continue to perform its responsibilities as regards all non-disputed work without delay, any additional costs incurred by MPO or Contractor as a result of such failure to proceed shall be borne by Contractor, and Contractor shall make no claim against MPO for such costs. MPO may withhold payments on disputed items pending resolution of the dispute.

- 5.14 Non-discrimination. Contractor and its officers, agents, employees, and subcontractors shall not discriminate against any employee or applicant for employment to be employed in the performance of this Agreement, with respect to her or his hire, tenure, terms, conditions, or privileges of employment, or any matter directly or indirectly related to employment, because of her or his race, sex, sexual orientation, gender identity, religion, color, national origin, ancestry, age, disability, or United States military service veteran status. Breach of this section shall be regarded as a material breach of this Agreement.
- 5.15 Conflict of Interest. Contractor certifies and warrants to MPO that neither it nor any of its officers, agents, employees, or subcontractors who will participate in the performance of any services required by this Agreement has or will have any conflict of interest, direct or indirect, with MPO.
- 5.16 Non-contingent Fees. Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. For breach or violation of this warranty MPO shall have the right to annul this Agreement without liability or in its discretion to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.
- 5.17 Force Majeure. In the event that either party is unable to perform any of its obligations under this Agreement – or to enjoy any of its benefits – because of fire, explosion, power blackout, natural disaster, strike, embargo, labor disputes, war, terrorism, acts of God, acts or decrees of governmental bodies or other causes beyond such party’s reasonable control (hereinafter referred to as Force Majeure Event), the party who has been so affected shall immediately give notice to the other and shall take commercially reasonable actions to resume performance. Upon receipt of such notice, all obligations under this Agreement shall immediately be suspended except for payment obligations with respect to services already provided. If the period of nonperformance exceeds sixty (60) days from the receipt of the Force Majeure Event, the party whose ability to perform has not been so affected may, by giving written notice, terminate this Agreement.
- 5.18 Applicable Laws; Forum.
- 5.18.1 Contractor agrees to comply with all applicable federal, state and local laws, rules, regulations or ordinances, and all provisions required thereby to be included in this Agreement are hereby incorporated by reference. This includes, but is not limited to, the Federal Civil Rights Act of 1964 and, if applicable, the Drug-Free Workplace Act of 1988. The enactment of any state or federal statute or the promulgation of regulations thereunder after execution of this Agreement shall be reviewed by MPO and Contractor to determine whether the provisions of the Agreement require formal modification.
- 5.18.2 This Agreement shall be construed in accordance with the laws of the State of Indiana. Contractor hereby expressly consents to the personal jurisdiction of the state and federal courts located in Marion County, Indiana

for any lawsuit filed there against Contractor by MPO arising from or related to this Agreement.

- 5.19 Waiver. MPO's delay or inaction in pursuing its remedies set forth in this Agreement, or available by law, shall not operate as a waiver of any of MPO's rights or remedies.
- 5.20 Severability. If any provision of this Agreement is held to be invalid, illegal, or unenforceable by a court of competent jurisdiction, the provision shall be stricken, and all other provisions of this Agreement which can operate independently of such stricken provisions shall continue in full force and effect.
- 5.21 Attorneys' Fees. Contractor shall be liable to MPO for reasonable attorneys' fees incurred by MPO in connection with the collection or attempt to collect, any damages arising from the negligent or wrongful act or omission of Contractor, or from Contractor's failure to fulfill any provisions or responsibility provided herein.
- 5.22 Successors and Assigns. MPO and Contractor each binds itself and its partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement; except as otherwise provided herein, Contractor shall not assign, sublet or transfer its interest in this Agreement without the written consent of MPO. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of MPO.
- 5.23 Authority to Bind Contractor. Notwithstanding anything in this Agreement to the contrary, the signatory for Contractor represents that he/she has been duly authorized to execute agreements on behalf of Contractor and has obtained all necessary or applicable approval from the home office of Contractor to make this Agreement fully binding upon Contractor when his/her signature is affixed and accepted by MPO.
- 5.24 Debarment and Suspension.
- 5.24.1 Contractor certifies, by entering into this Agreement, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from or ineligible for participation in any Federal assistance program by any Federal department or agency, or by any department, agency or political subdivision of the State of Indiana. The term "principal" for purposes of this Agreement means an officer, director, owner, partner, key employee, or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of Contractor.
- 5.24.2 Contractor certifies, by entering into this Agreement, that it does not engage in investment activities in Iran as more particularly described in IC 5-22-16.5.

5.24.3 Contractor shall provide immediate written notice to MPO if, at any time after entering into this Agreement, Contractor learns that its certifications were erroneous when submitted, or Contractor is debarred, suspended, proposed for debarment, declared ineligible, has been included on a list or received notice of intent to include on a list created pursuant to IC 5-22-16.5, voluntarily excluded from or becomes ineligible for participation in any Federal assistance program. Any such event shall be cause for termination of this Agreement as provided herein.

5.24.4 Contractor shall not subcontract with any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in any Federal assistance programs by any Federal department or agency, or by any department, agency or political subdivision of the State of Indiana.

5.25 Compliance With E-Verify Program. Pursuant to IC 22-5-1.7, Contractor shall enroll in and verify the work eligibility status of all newly hired employees of Contractor through the E-Verify Program ("Program"). Contractor is not required to verify the work eligibility status of all newly hired employees through the Program if the Program no longer exists.

5.25.1 Contractor and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that Contractor or its subcontractor subsequently learns is an unauthorized alien. If Contractor violates this Section 5.24, MPO shall require Contractor to remedy the violation not later than thirty (30) days after MPO notifies Contractor. If Contractor fails to remedy the violation within the thirty (30) day period, MPO shall terminate the contract for breach of contract.

If MPO terminates the contract, Contractor shall, in addition to any other contractual remedies, be liable to MPO for actual damages. There is a rebuttable presumption that Contractor did not knowingly employ an unauthorized alien if Contractor verified the work eligibility status of the employee through the Program.

5.25.2 If Contractor employs or contracts with an unauthorized alien but MPO determines that terminating the contract would be detrimental to the public interest or public property, MPO may allow the contract to remain in effect until MPO procures a new contractor.

5.25.3 Contractor shall, prior to performing any work, require each subcontractor to certify to Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. Contractor shall maintain on file a certification from each subcontractor throughout the duration of the Project. If Contractor determines that a subcontractor is in violation of this Section 5.23, Contractor may terminate its contract with the subcontractor for such violation.

5.25.4 Pursuant to IC 22-5-1.7 a fully executed affidavit affirming that the business entity does not knowingly employ an unauthorized alien and confirming

Contractor's enrollment in the Program, unless the Program no longer exists, shall be filed with MPO prior to the execution of this Agreement. This Agreement shall not be deemed fully executed until such affidavit is filed with MPO.

- 5.26 Key Persons. The parties agree that the work described in this Agreement to be performed by Contractor is a personal service, highly professional in nature, and that the identity of the individual who is to be personally responsible for such work is of prime importance to MPO. The parties therefore agree that in the event of the death or disability of Contractor, or, if Contractor is a firm, partnership, or corporation, in the event of the death, or disability or termination of employment of anyone understood to be personally responsible for the work described in this Agreement, MPO may, without penalty and in its discretion, terminate this Agreement, and make its own new Agreement with any other party for completion of the work herein described.
- 5.27 Electronic Signature. Contractor and MPO agree to signature both in counterparts and by facsimile.
- 5.28 Method of Payment. Contractor shall submit invoices and accept invoice payments as prescribed by MPO in its sole option and discretion. All invoices shall be submitted via the MPO invoice portal. MPO will not be responsible for any card fees or other bank charges incurred by the Contractor.
- 5.29 Additional Information upon Request. The Contractor shall, upon request of MPO, make available its policies, practices and standards for the hiring of applicants, except as prohibited under IC 22-2-17-3, to the extent such information is related to the provision of services under this Agreement.
- 5.30 Wage Theft/Payroll Fraud. The Contractor shall report, and shall require its subcontractors to report, all complaints or adverse determinations of Wage Theft or Payroll Fraud against the Contractor or its subcontractors to MPO within thirty (30) days of notification of the complaint or adverse determination. If an adverse decision is rendered against the Contractor with respect to services provided to MPO, MPO may terminate this Agreement, reduce the incentives or subsidies to be provided under this Agreement, or seek other remedies. Contractor shall provide a sworn statement on whether the Contractor had any adverse determinations rendered against the Contractor within the preceding three (3) years.
