## What is the MPO Regional Pedestrian Plan?

The MPO is updating the pedestrian plan for the Metropolitan Planning Area (MPA). This study builds upon previous pedestrian planning efforts by counties and communities within the planning area and focuses on regional connectivity and pedestrian facilities.

## How can I help?

As part of the planning efforts, a survey was developed to help the Indianapolis region become more pedestrian friendly. Your responses to the survey will help us understand your concerns and challenges related to pedestrian connectivity in the Indianapolis region. Take the survey at:
