Accessibility and Title VI

The Indianapolis Metropolitan Planning Organization (IMPO) values each individual's civil rights and wishes to provide equal opportunity and equitable service. As a recipient of federal funds, the IMPO conforms to Title VI of the Civil Rights Act of 1964 (Title VI) and all related statutes, regulations, and directives, which provide that no person shall be excluded from participation in, denied benefits of, or subjected to discrimination under any program or activity receiving federal financial assistance from the IMPO on the grounds of race, color, age, sex, sexual orientation, gender identity, disability, national origin, religion, income status or limited English proficiency. The IMPO further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, regardless of whether those programs and activities are federally funded. For any and all inquiries regarding the application of this accessibility statement and related policies, please view the IMPO Title VI page, indympo.org/policies

This plan was prepared in cooperation with the State of Indiana, the Indiana Department of Transportation, and the Federal Highway Administration. This financial assistance notwithstanding, the contents of this document do not necessarily reflect the official view or policies of the funding agencies.

Information from this report may also be provided in other formats and languages for viewing online or in-person at our offices. For more information contact staff at info@indympo.org or 317-227-5108 or visit our offices at 200 East Washington Street, Suite 2322, Indianapolis, IN 46204. Si se necesita información en otro idioma, comuníquese con 317-327-5136.

1 INTRODUCTION

The Indianapolis Metropolitan Planning Organization (IMPO) is responsible for regional transportation planning in the Indianapolis urbanized area, as defined by the 2010 Census, as well as the area projected to be urbanized by the year 2030. Figure 1 shows the current Indianapolis urbanized area (light blue), and the projected urbanized area (dark blue). Together these areas create the Metropolitan Planning Area (MPA), which contains all of Marion County and portions of the surrounding counties of Hamilton, Hancock, Shelby, Johnson, Morgan, Hendricks, and Boone.

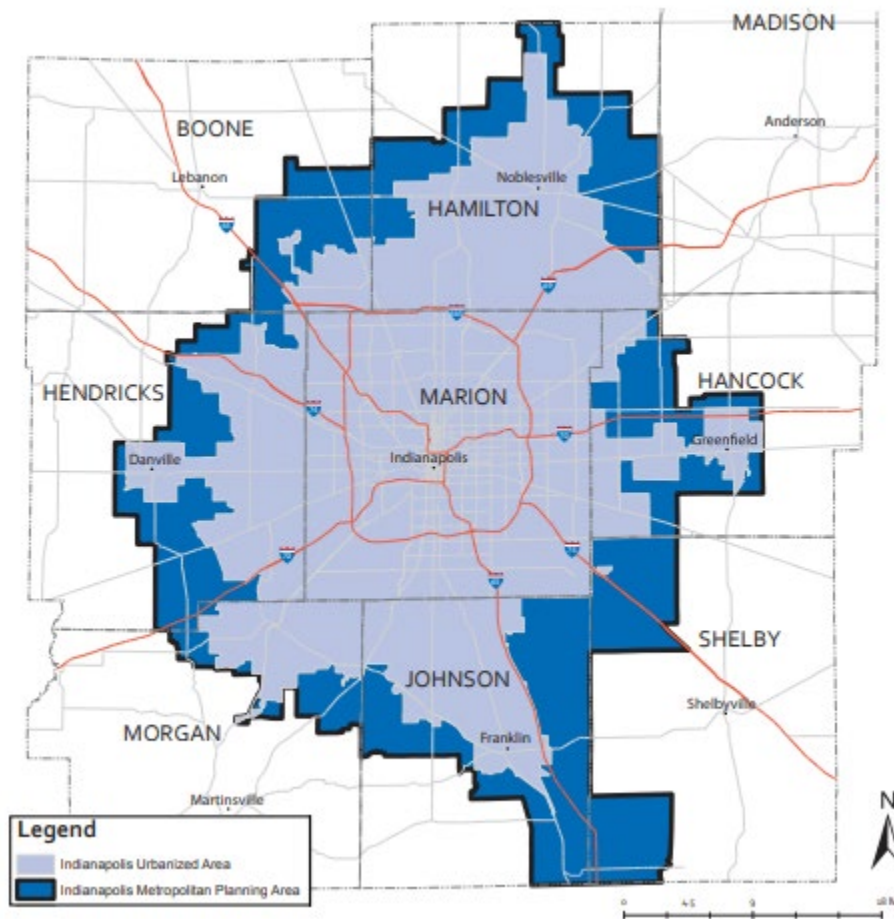

Figure 1

2 PLANNING PROCESS

The IMPO is responsible for providing a continuing, comprehensive, and cooperative transportation planning process for the expenditure of Federal funds within the MPA as shown in Figure 1. The planning process is carried out through coordination between the IMPO and the IMPO's Transportation Policy Committee. The IMPO's Policy Committee includes representatives

from all eligible local governments within the Indianapolis MPA, the Indiana Department of Transportation (INDOT) and other transportation agencies such as IndyGo and the Indianapolis Airport Authority. The Policy Committee serves as the policy-making body for the IMPO and is responsible for officially adopting all plans. The Policy Committee has a Technical Subcommittee consisting of planners and engineers from the same agencies, as well as an Executive Board comprised of elected members from the Policy Committee.

3 THE ANNUAL OBLIGATION REPORT

This report serves as an organizational and monitoring tool and works in coordination with the Indianapolis Regional Transportation Improvement Program (IRTIP) to promote planning for an efficient and cohesive transportation system. In creating these reports, the IMPO collaborates with other state and local organizations, including INDOT, the Indianapolis Public Transportation Corporation, and the Central Indiana Regional Transportation Authority. The 4-year IRTIP lists the type and location for all federally funded and regionally significant transportation projects scheduled over the four-year period, as well as their funding sources.

Since there is potential for slight variations in the IRTIP due to changes in cost and timing of projects, one requirement of the transportation act passed by Congress in 2005 titled the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), and carried forward with the current transportation act, Infrastructure Investment and Jobs Act, is, "...an Annual Listing of Projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds that have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and Metropolitan Planning Organization for public review. The listing shall be consistent with the funding categories identified in each metropolitan Transportation Improvement Program (TIP)."

In accordance with Federal requirements, the MPO has published its "Annual Listing of Federally Obligated Transportation Projects" for state fiscal year 2022 (July 1, 2021 – June 30, 2022) based on the Federal Financial Management Information System (FMIS). The purpose of this report is to provide to the public, as well as State and local officials, information regarding federal spending on transportation projects within the Indianapolis region, along with a progress report and disclosure of project delivery occurring over a shorter planning period of only one year.

If a project is "Federally obligated," it means that the Federal government has made a legal commitment to pay or reimburse the state and/or local jurisdictions for the Federal share of a project's eligible costs. The normal split for Federal and local funds contributed to transportation projects is 80% Federal and 20% local. For transit projects, obligation occurs when the Federal Transit Administration (FTA) awards a grant to the eligible recipient. For FHWA, funds become

obligated to a project about five weeks following a project being deemed “ready for contracts”—a determination made by INDOT. Obligated projects were not necessarily initiated or completed in the fiscal year shown and the costs shown are not necessarily the final project cost. It is noted that obligated funds may exceed the amount programmed in the IRTIP. Furthermore, the advanced construction (AC) column represents a change in the project authorization without changing the federal funds and is used to authorize projects for federal funds without using the funds. Advanced construction funds cannot be reimbursed; therefore, when reimbursement claims are submitted, the advanced construction funds are converted to federal funds that are reimbursable.

4 PROJECT SUMMARY

The projects contained in this report are categorized by type and include bicycle/pedestrian, bridge, road/highway, other, and transit. It should be noted that some projects may include more than one project type. For instance, a roadway project may include a bridge or bike or pedestrian system components even though they are not specifically identified.

This report shows that the number of federal funds obligated in the Indianapolis area in SFY 2022 was \$814,167,934. Of the total, the percentage spent on each project type is displayed in Figure 2.

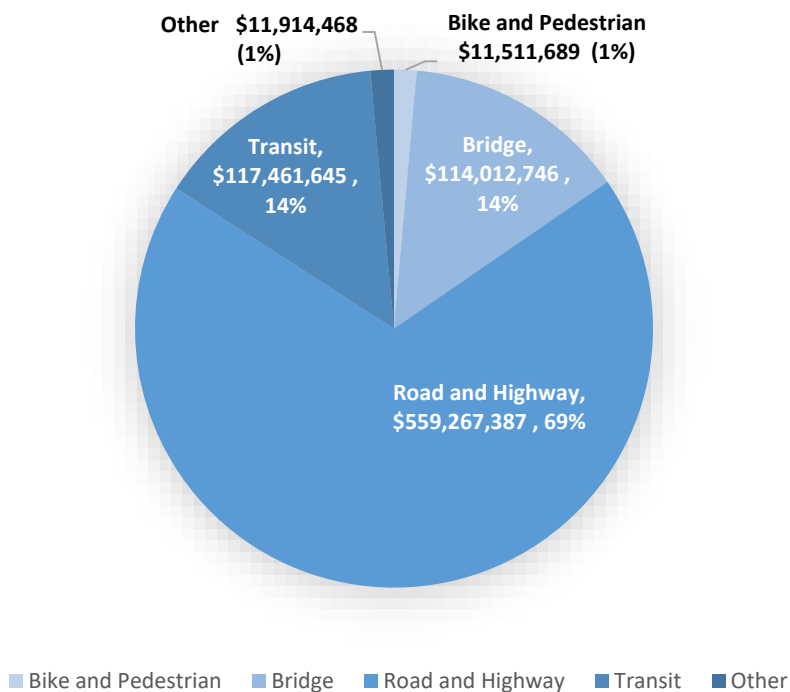

Figure 2

5 PROJECT LISTING

The following pages list the Federal funds obligated in SFY 2022. The information is grouped by project type and sorted by des. number. Questions regarding the information provided in this report can be sent to:

Kristyn Sanchez,
Senior Finance Analyst I
kristyn.sanchez@indympo.org

Cole Jackson
Finance Analyst II
Cole.jackson@indympo.org

Fund Types Abbreviations –

5307 – Transit Capital and Operating Assistance
5310 – Special Transportation Needs (i.e. Disability Services)
5311 – FTA Section 5311, Rural Transit
5339 – FTA Section 5339, Buses & Bus Facilities
CHBP – Competitive Highway Bridge Program
CMAQ – Congestion Management/Air Quality
CRRSSA - Coronavirus Response and Relief Supplemental Appropriations Act of 2021
HSIP – Highway Safety Improvement Program
IM – Interstate Maintenance
NHFP – National Highway Freight Program
NHPP – National Highway Performance Program
NHS – National Highway System
NRTP – National Recreation Trails Program
PL – Planning
RSTP – Regional Surface Transportation
SRTS – Safe Routes to School
STBG (formerly STP) – Surface Transportation Block Grant (Group I, III, and IV)
TAP – Transportation Alternatives Program
TE/TA – Transportation Alternatives

Various	0300382	INDOT	I-69 Section 6 - SR 39 to I-465	The I-69 from Evanville to Indianapolis will be completed with the construction of the final section from Indian Creek south of SR 39 to I-465. This final section converts existing SR 37 to I-69 between Indian Creek in Martinsville and I-465 in Indianapolis. Interchanges along I-69 will be constructed at SR 39, Ohio Street, SR 252/SR 44, Henderson Ford Road, SR 144, Smith Valley Road, County Line Road, Southport Road, Epler Avenue, and I-465. I-69 will have two lanes in each direction between Indian Creek south of SR 39 and Olive Branch Road, three lanes in each direction between Olive Branch Road and Southport Road, and four lanes in each direction between Southport Road and I-465. I-465 will be improved between Mann Road and US 31 by adding one through lane in each direction as well as auxiliary lanes where needed.	Road/Highway	NHPP	\$266,776,038.00	\$320,267	\$0.00	
Hamilton	0710215	INDOT	Corridor 228 (US 31) 96th St. to 216th St. - Added Travel Lanes	Corridor 228 (US 31) 96th St. to 216th St. - all phases	Road/Highway	EQUITY BONUS SP LIMITATION , NHPP , NHS , REDISTRIBUTION OF CERTAIN AUTH	\$0.00	\$5,595,343	\$0.00	
Johnson	1000001	INDOT	SR-135 at Smokey Row Road (CR-600N)	SR-135 at Smokey Row Road (CR-600N)	Road/Highway	HSIP	\$0.00	(\$37,480)	\$0.00

Johnson	1173573	Johnson County	Bridge #45 - Reconstruction of CR 200 from SR 144 to just west of Center Line Rd.	SR 144 to just west of Center Line Rd. (including bridge #45 - des. # 1173573), reconstruction	Road/Highway	STP	\$0.00	(\$26,531)	\$0.00	
Morgan	1296656	INDOT	SR 39 HMA Overlay, Preventive Maintenance Project	Provide an HMA Preventive Maintenance Overlay to treat the poor pavement surface condition on SR 39 from SR 142 to SR 42	Road/Highway	STP	\$0.00	(\$7,087)	\$0.00	
Hamilton	1296847	INDOT	SR 37 at Strawtown Ave. Roundabout	Intersection of SR 37 and Strawtown Ave (6.34 miles N of SR 32/SR 38 Connor St) in Hamilton County	Road/Highway	EQUITY BONUS EXEMPT LIM , HSIP, STP	\$0.00	(\$84,948)	\$0.00	
Johnson	1297199	INDOT	I-65 at Worthsville Rd.	I-65 at Worthsville Rd.; 7.7 mi. N of SR 44	Road/Highway	NHPP , STP	\$0.00	(\$1,238,202)	(\$455,560.26)	
Hamilton	1297563	Fishers	106th & Cumberland Rd. Roundabout	106th & Cumberland Rd. Roundabout	Road/Highway	CMAQ	\$0.00	(\$3,227)	\$0.00	
Hamilton	1298035	INDOT	New Interchange Construction at I-69 and 106th Street in Fishers, Hamilton County	Construction of a new interchange at I-69 and 106th Street in Fishers	Road/Highway	NHPP	\$0.00	(\$667,017)	\$0.00	
Marion	1298087	INDOT	I-70; 4.123 mile E of I-465 (located below Tibbs Ave S side bridge str)	I-70; 4.123 mile E of I-465 (located below Tibbs Ave S side bridge str)	Road/Highway	NHPP	\$0.00	\$400,483	(\$400,483.12)	
Marion	1383172	Indianapolis	82nd Street - Phase II - Lantern Road to Fall Creek Road	The 82nd Street project shall include the following: pavement rehabilitation from Lantern Rd to Morel Dr, pavement reconstruction from Morel Dr to Fall Creek Rd, roadway widening throughout the project limits, sidewalk installation, stormwater improvements, vertical grade correction, signage and striping.	Road/Highway	STP	\$0.00	(\$96,813)	\$0.00	
Hamilton	1383180	Carmel	Guilford Rd Reconstruction from City Center to Main St	Road reconstruction/rehabilitation improvements to accommodate three lanes from the City Center north to Main St (131st St). A center turning lane will be added. Also included is a roundabout at the intersection of Guilford Rd and Main St and storm sewers with curb and sidewalk on the east side of Guilford and multi-use path along portions on the west side of Guilford.	Road/Highway	STP	\$28,360.00	\$28,269	\$0.00	
Hendricks	1383683	Brownsburg	North Green Street Improvement (US 136 to 56th Street)	This project includes rehabilitation and reconstruction of the existing roadway and safety improvements: a widened three lane section, curb and gutter, improved pedestrian facilities, and the removal of overhead utilities and utility poles.	Road/Highway	HSIP	\$55,800.00	\$55,800	\$0.00	
Boone	1400071	INDOT	I-65/SR 267 Interchange Modification	Lead 1400071 I-65/SR 267 Interchange Modification, 4.5 miles north of I-865; 1702143 New Bridge I-65 at SR 267 (4.5 miles of I-865); 1702144 Bridge Thin Deck Overlay I65 at SR 267 (4.5 miles N of I-865); 1702146 New Bridge I65 over NB & SB I65 (proposed interchange 2 miles S of SR 267); 1702147 New Interchange Construction I65 at I65 (approach CR 550 S and ramp; 1801825 Interchange Mod I65 to I865 SB (minor ramp improvements); 1801826 Interchange Mod I65 to Whitestown Parkway NB (minor ramp improvements)	Road/Highway	NHPP	\$8,921,480.00	\$15,861,917	(\$141,766.58)	
Marion	1400075	INDOT	I-69 & I-465 Interchange Modification	Added Travel Lanes: I-69 from I-465 to 1 mile North of I-465 (82nd Street) Northbound Only	Road/Highway	FAST ACT NATIONAL FREIGHT, NHPP	\$106,993,659.00	\$28,313,946	\$57,065,493.92	
Morgan	1400251	INDOT	SR 42 Pavement Replacement	Small Town project in the Town of Mooresville from 0.43 miles West of SR 267 (White Lick Creek) to SR 67; scope includes pavement, curb, sidewalk & ADA improvements	Road/Highway	STP	\$0.00	(\$27,480)	\$128,640.00	
Johnson	1400297	Franklin	Reconstruction and Pedestrian Improvements to SR44 from Crowell Street to Eastview Drive	Reconstruction and Pedestrian Improvements to SR44 from Crowell Street to Eastview Drive	Road/Highway	TE/TA	\$0.00	\$89,490	\$0.00	
Johnson	1400567	Franklin	Urban Trail Streetscape and Road Rehabilitation (Downtown)	Downtown pedestrian enhancements; enhance downtown environment; add ADA compliance. Project also includes total road reconstruction and drainage improvements.	Road/Highway	TE/TA	\$0.00	\$18,843	\$0.00	
Hamilton	1400873	Hamilton County	Lowes Way to Keystone Pkwy ramp	The purpose of this project is to construct a ramp from Lowes Way to South bound Keystone Pkwy. In 2002 Hamilton County constructed a northbound off ramp from Keystone Pkwy to 146th via Lowes Way. At the time the reverse movement wasn't considered necessary because of the close proximity of the Greyhound Pass intersection which provided the south bound movement via US31. With the ongoing freeway upgrade to US 31, this movement is eliminated and replaced with a very circuitous route. This proposed ramp will eliminate the circuitous route and provide a much more efficient movement to improve traffic flow and reduce congestion.	Road/Highway	CMAQ	\$0.00	(\$57,238)	\$0.00	
Marion	1400940	Indianapolis	Five Points Road & Edgewood Avenue Intersection Improvements	Stop-controlled intersection to be converted to a single lane urban roundabout with sidewalks and crosswalks constructed in all four quadrants; including the demolition of the 28 foot single-span bridge on west approach of Edgewood Avenue over Little Buck Creek using new box culverts to reroute the stream through the project limits.	Road/Highway	CMAQ	\$123,480.00	\$79,851	\$0.00	
Marion	1400942	Indianapolis	Arlington Avenue and Shelbyville Road Roundabout	Stop-controlled intersection converted into a roundabout.	Road/Highway	CMAQ	\$16,235.00	(\$51,110)	\$0.00	
Marion	1400943	Indianapolis	Arlington Avenue & Edgewood Avenue Roundabout	Stop-controlled intersection to be converted into signalized intersection or single lane roundabout (preferred option) with sidewalks and crosswalks in all four quadrants	Road/Highway	CMAQ	\$0.00	(\$3,054)	\$0.00	
Johnson	1401610	Greenwood	Worthsville Road Reconstruction - Section 3	Widen Worthsville from a 2-lane to 4-lane roadway with median and a roundabout at Averitt.	Road/Highway	STBG	\$310,703.00	\$200,000	\$0.00	
Hendricks	1401646	Brownsburg	Hornaday Rd. and CR 300 North Roundabout Conversion	Conversion of 4-way stop to a roundabout at the intersection of Hornaday Rd. & CR 300 North to improve traffic congestion.	Road/Highway	STP	\$0.00	(\$92,424)	\$883.20	

Road/Highway		COUNTY	DES	Sponsor	PROJECT TITLE	PROJECT DESCRIPTION	Project Type	FED FUNDS	2022 TIP FHWA \$	2022 OBLIGATED \$	2022 AC \$
	Hendricks	1401647	Brownsburg	East Northfield Drive (CR 300 North to CR 400 North)	This project is a new road alignment that completes the eastern bypass connecting South Green Street and North Green Street. The project encompasses East Northfield Drive between CR 300 North and CR 400 North. The improvement with this project include: divided single travel lanes both north and southbound with center median that can accommodate dedicated left turn lanes, with a curb and gutter and enclosed storm sewers, roundabouts at the intersections with CR 300 N. & CR 400 N., an ADA compliant multi-use path along the road alignment and connection to the B&O Trail.	Road/Highway	STP		\$7,800.00	\$7,800	\$0.00
	Hendricks	1401648	Avon	CR 150 S and Avon Ave Roundabout	The Town is proposing to upgrade an existing dangerous signalized intersection with no turn lanes into a single lane roundabout. The intersection is the main western access for students, parents and busses trying to access Avon High School. The project focuses on providing enhanced safety to the traveling public by including new roadway lighting, additional signing, added pavement markings and increased pedestrian accessibility and safety.	Road/Highway	HSIP		\$532.00	(\$36,005)	\$0.00
	Hamilton	1401702	Hamilton County	146th St. Phase III Towne Road to Shelborne Road	The intent of this project is to continue the 146th St corridor improvement for Phase III, approximately 1 mile in length from just west of Shelborne Road to just west of Towne Road in western Hamilton Co. The scope is to provide a divided 4/5 lane modern roadway with a raised median and enclosed drainage. Two 10' multiuse paths are also included. A roundabout intersection at 146th/Shelborne Road is also included. Engineering through the environmental phase is complete. The Environmental phase is complete.	Road/Highway	RSTP		\$477,295.00	\$477,295	\$0.00
	Hamilton	1401706	Fishers	126th St. & Allisonville Rd. Intersection Improvement	Added/lengthened turn lanes for an Intersection Improvement at 126th Street and Allisonville Road to increase safety and improve sight distance. The project will widen and reconstruct pavement, improve drainage, widen shoulders, and allow accommodation of bicycles and pedestrians.	Road/Highway	HSIP		\$0.00	(\$1,708)	\$0.00
	Hamilton	1401707	Westfield	186th St. & Springmill Rd. Roundabout	Existing two way stopped control intersection which the city is proposing to replace with a roundabout. This new roundabout will have bicycle and pedestrian facilities added and work will be limited to the geometric constraints of the roundabout.	Road/Highway	STP		\$0.00	(\$1,003)	\$0.00
	Hamilton	1401713	Noblesville	19th and Pleasant St. Roundabout	This project is currently on the City's Functional Classification Map and include in the City's Traffic Impact Study Master Plan. The present proposal is to convert the existing configuration, in which 19th Street stops for Pleasant Street, to a roundabout. Due to the present configuration of the entrances for the Noblesville Post Office dedicated turn lanes in both directions for movements from Pleasant Street to 19th Street, the intersection is confusing, congested, and difficult to make turning movements.	Road/Highway	CMAQ		\$0.00	(\$11,340)	\$0.00
	Hamilton	1401716	Noblesville	Greenfield Avenue & Howe Road Roundabout	This project is currently on the City's Functional Classification Map and include in the City's Traffic Impact Study Master Plan. The present proposal is to convert the existing configuration, in which Howe Road stops for Greenfield Avenue, to a roundabout. The present alignment of the intersection is skewed with limited sight distance. The intersection is also poorly lit and aligned, which lends itself to be convenient for conversion into a roundabout.	Road/Highway	CMAQ		\$0.00	(\$2,301)	\$0.00
	Marion	1401726	Indianapolis	Sherman Drive and Thompson Road Intersection Improvements	Install single/dual lane hybrid at an existing all-way stop controlled intersection.	Road/Highway	CMAQ		\$115,600.00	\$8,000	\$0.00
	Marion	1401729	Indianapolis	Five Points Road & Stop 11 Road Roundabout	Install dual lane roundabout at an existing all-way stop controlled intersection.	Road/Highway	CMAQ		\$54,396.00	\$18,396	\$0.00
	Marion	1500046	Indianapolis	Holt Rd & Morris St Intersection	Reconstructed pavement & geometry designed for trucks, new signage & markings, updated signal timings & LED signal heads with reflectorized backplates.	Road/Highway	HSIP		\$0.00	\$6,915	(\$6,915.13)
	Hendricks	1500143	INDOT	SR 39 & I-70 Interchange Modification	Interchange Modification; I-70 from 0.43 mi W of SR 39 to 0.47 mi E of SR 39, Hendricks County	Road/Highway	NHPP		\$0.00	\$163,734	(\$29,160.00)
	Marion	1500433	Indianapolis	Mass, Dearborn and 21st Intersection Improvement	Geometric modifications to intersection.	Road/Highway	HSIP		\$0.00	(\$464)	\$0.00
	Various	1500810	INDOT	HMA Overlay, Preventative Maintenance	I-465 from US-31 (North Side) to Bridge over White River; Remove and replace pavement to extend the life of the roadway.	Road/Highway	NHPP		\$0.00	(\$654)	\$0.00
	Boone	1500814	INDOT	I-865 from I-65 to I-465	This consists of 2 pavement des numbers of HMA I-865 from I-65 to I-465 and I-65/I-465 N junction to I-865 West Junction, and 8 bridge maintenance and repair locations.	Road/Highway	NHPP		\$0.00	\$200,007	\$0.00
	Hamilton	1592345	Fishers	Intersection Improvement at 126th Street and SR 37	Reconstruction of an existing at-grade signalized intersection to an interchange to improve safety and mobility.	Road/Highway	HSIP		\$0.00	\$359,647	\$115,129.65
	Hamilton	1592346	Fishers	131st Street & SR 37 Intersection Improvement	Reconstruction of an existing at-grade signalized intersection to an interchange to improve safety and mobility.	Road/Highway	RSTP		\$0.00	\$1,231,228	\$0.00
	Hamilton	1592347	Fishers	Intersection Improvement at 135th Street and SR 37	Reconstruction of an at-grade intersection to a partially controlled access creating a right-in/right-out access point onto an expressway.	Road/Highway	RSTP		\$0.00	(\$28,144)	\$0.00
	Hamilton	1592349	Fishers	Intersection Improvement at 146th Street and SR 37	Reconstruction of an existing at-grade signalized intersection to an interchange to improve safety and mobility.	Road/Highway	TEA-21, NHPP, RSTP, STP		\$0.00	\$9,848	\$35,266.86
	Marion	1592545	INDOT	Concrete Pavement Restoration (CPR)	Concrete Pavement Restoration (CPR), I-70 from N split of I-65 to 1.385 mi of I-465 (Post Road)	Road/Highway	NHPP		\$0.00	\$11,302	\$0.00
	Hendricks	1592844	INDOT	HMA Overlay, Preventive Maintenance	0.66 mi W of SR 267 N junction to Marion County Line	Road/Highway	NHPP		\$0.00	(\$626,853)	(\$25,920.00)
	Boone	1592962	INDOT	HMA Overlay, Preventive Maintenance	US 421, from 0.19 miles north of SR 32 to 0.06 miles south of SR 47	Road/Highway	STP		\$0.00	(\$121,812)	\$0.00
	Marion	1600522	INDOT	Auxiliary Lane Construction on I-65 @ Southport Rd.	I 65, at Northbound Loop Entrance Ramp from Southport Road, 2.9 Miles South of I-465	Road/Highway	NHPP		\$0.00	\$12,354	\$0.00
	Marion	1600627	INDOT	US 36 & High School Rd. Intersection Improvement	US 36, 0.11 miles W of I-465 EB at High School Road	Road/Highway	HSIP		\$0.00	\$12,780	\$0.00
	Hancock	1600633	Hancock County	600W from 300N to CR400N (Segment A)	Add travel and turning lanes to increase capacity and safety for commercial and commuter traffic.	Road/Highway	STBG		\$374,625.00	\$374,625	\$0.00
	Johnson	1600687	Greenwood	Worthsville Road - Section 2	Section 2 is a continuation of the development of the Worthsville Road corridor from SR 135 to Five Points Road. This section, stretching from Honey Creek Road to Averitt Road, will include a two-lane section with curb and multi-use path that has the ability to widen to the ability to become a four or five-lane section in the future. New connections will be provided to the existing Worthsville Road segment west of the realignment and CR 125W. The existing segment of Stones Crossing Road between CR 125W and realigned Worthsville Road will be maintained and a new cul-de-sac will be constructed on the west end of the road. Drainage for the project will be conveyed to a new detention facility near the Stones Crossing Road & Honey Creek Road intersection that will outlet to Honey Creek. The project will include the Honey Creek Road and Stones Crossing Road intersection improvements. A roundabout intersection is being developed to eliminate the existing offset intersections.	Road/Highway	RSTP		\$7,548,600.00	\$422,800	(\$1,029,278.50)
	Marion	1600800	INDOT	HMA Overlay on I-65	From 4.75 miles South of I-465 to .5 miles North of I-465	Road/Highway	STP		\$0.00	(\$156,034)	\$0.00
	Marion	1600808	INDOT	North Split Interchange Modification	Modification of the I-65 & I-70 interchange just north of downtown Indianapolis. The interchange modification encompasses a footprint from Pennsylvania St. to Valley Ave. to Washington St. There will be several new bridges and alignment changes within the interchange modification footprint.	Road/Highway	NHPP, RSTP		\$141,264,000.00	\$150,461,547	(\$171,779,807.14)

Road/Highway	COUNTY	DES	Sponsor	PROJECT TITLE	PROJECT DESCRIPTION	Project Type	FED FUNDS	2022 TIP FHWA \$	2022 OBLIGATED \$	2022 AC \$
	Marion	1600818	Beech Grove	Arlington Ave & Big Four Rd Roundabout	Currently the intersection is two intersections along S Arlington Avenue. The intersection of S Arlington and Churchman Avenue Bypass is signalized and the Big 4 Road intersection is stop controlled. The two intersections are less than 300 feet apart that leaves inadequate distance for queuing vehicles. The project will construct a five leg urban roundabout with multi use trail and curb ramps, restoring Big 4 Road closer to its original alignment.	Road/Highway	STP	\$0.00	(\$7,913)	\$0.00
	Johnson	1600866	INDOT	SR 44 Road Reconstruction	Road reconstruction on SR 44, 0.11 miles West of I-65 to 0.15 mile East of I-65	Road/Highway	NHS	\$0.00	\$64,042	\$0.00
	Hamilton	1600885	Carmel	Carmel Dr and Pennsylvania Street Roundabout	This project will eliminate a signalized intersection by constructing a roundabout in its place. Carmel Dr will remain two lanes, while Pennsylvania St approaches will consist of a shared left/through lane and a dedicated right-turn lane.	Road/Highway	HSIP	\$12,129.00	\$2,129	\$0.00
	Hancock	1601005	INDOT	US 36 & CR 600 W Intersection Improvement	This project will improve capacity at this intersection with the addition of auxiliary lanes NB and SB along with RR pre-emption.	Road/Highway	HSIP	\$0.00	\$976,149	(\$958,459.00)
	Hendricks	1601056	Brownsburg	Airport Rd. & Hornaday Rd. Roundabout	Conversion of an existing, All-Way Stop, intersection to a single-lane roundabout. The project includes safety enhancements to reduce vehicle to pedestrian conflicts, and added multi-use paths for pedestrians and bikes.	Road/Highway	RSTP, STP	\$155,000.00	\$100,000	\$55,000.00
	Hendricks	1601072	INDOT	US 36 Added Travel Lanes Project	US 36 is important transportation route handling the growing regional area of West Central Marion County & Eastern Hendricks County. The current roadway is a 4 lane undivided Highway with a middle left turn lane. This section of Roadway has traffic volumes over 39,800 which dropped the Level of Services(LOS) to a level "D" in this important regional shopping district. US 36 also services a major RR facility & new industrial park being built just south of the RR that parallels the shopping district along along US 36 in this area. The proposal is to turn the existing roadway shoulder into an travel lane with curb & gutter drainage. The roadway will be changed to a divide 6 lane Class 1 roadway that will be able to handle up to 58,400 vehicles a day at LOS level "C" in this section of Avon Indiana.	Road/Highway	NHS	\$0.00	\$5,000,000	(\$5,000,000.00)

Project Highlight

161st & Union Street Roundabout – City of Westfield

The current intersection is signalized and during peak hours has major congestion. This project will improve the efficiency and capacity of the intersection and to better work with the US 31 Freeway interchange with the construction of a new roundabout intersection.

Project Highlight

Bridge #202 Rehabilitation - Boone County

Major rehabilitation of the bridge, including complete removal and replacement of the superstructure on this five span, 255' long bridge. The project will upgrade the current substandard bridge and approach railing with current standard safety features.

Bike and Pedestrian									
COUNTY	DES	Sponsor	PROJECT TITLE	PROJECT DESCRIPTION	Project Type	FED FUNDS	2022 TIP FHWA \$	2022 OBLIGATED \$	2022 AC \$
Marion	1298645	Lawrence	Amy Beverland School Sidewalk Connection	Approximately 3000 feet of sidewalk/Boardwalk along south side of Fox Road, from Pennycroft to Amy Beverland Elementary School.	Bike/Ped	STP	\$18,705.00	\$93,705	(\$75,000.00)
Marion	1383263	Indianapolis	Pennsy Trail from Shortridge to Post Rd. - Phase 3A	Pennsy Trail Phase 3A from Shortridge Rd. to Post Rd. including the trail tunnel under I-465 (1801822)	Bike/Ped	TE/TA	\$0.00	(\$28,381)	\$0.00
Hendricks	1400274	Avon	White Lick Creek Trail - Phase IV	The Avon White Lick Trail will ultimately be a 12 mile trail along the banks of White Lick Creek in Hendricks County, Indiana, that will connect the Town of Avon to Plainfield (south) and Brownsburg (north). This application is for Phase 4 of the Avon White Lick Creek Trail. Phase 4 will connect to the north end of the existing Phase 2 trail (constructed in 2012) and travel 1.4 miles north to CR 100 N. The segment will include a grade separated crossing (underpass) of US 36. The trail will be designed as a 10' wide asphalt trail with aggregate shoulders to match the existing constructed trail. The trail will be designed to meet all applicable INDOT, FHWA, ADA, and MUTCD standards. Furnishing standards, signage standards, and construction details have been established as part of the Phase 2 project. The Town is proposing a 70/30 split for construction and construction inspection due to the importance of this project to the community.	Bike/Ped	TE/TA	\$0.00	(\$652)	\$0.00

Hendricks	1702133	Avon	School Zone Flashing Beacons	The Town of Avon is proposing to replace all standard school zone signs with flashing beacon school zone sign assemblies. The project will support the safety of all users, motorized and non-motorized, during the school arrival and departure times without the guesswork of school zone implementation outside of these hours. Flashing beacon school zone signs promote efficient management, including low maintenance infrastructure, increased driver readability, and ease of Police enforcement while emphasizing the preservation of the existing transportation system. COUNTY										
Hancock	1702757	Hancock County		Addition and Modernization of Bridge End Treatments and School Zone flashers	This project represents an upgrade/replacement of existing school zone signage. School zone speed limit signs with solar powered pedestal mounted flashing beacons are proposed for three school locations in Hancock County outside of the MPO planning area. The three locations are: Mount Vernon Schools (N CR 200 W) – one pedestal mounted assembly for each direction Eastern Hancock Schools (CR 250 N) - one pedestal mounted assembly for each direction Eastern Hancock Schools (N CR 1050 E) - one pedestal mounted assembly for each direction Brandywine Elementary School (E CR 400 S) – one pedestal mounted assembly for each direction During periods of inclement weather, the existing signage is difficult to see. The purpose of this portion of the project is to upgrade existing school zone signage and to improve visibility of school zone speed limits, especially during periods of inclement weather, and to improve safety for school children and pedestrians. AND Systemic replacement of Guardrail end treatments (GRETs) is proposed at multiple locations geographically scattered throughout the non-MPO planning area portion of Hancock County. GRETs will be replaced without regard to guardrail length of need or clear zone. Many of the locations also have substandard existing bridge railings which are not crash tested systems and do not meet current design standards. Many of the existing bridge railings consist of guardrail bolted to the side of the bridge deck, and they will remain in place after construction. Only the guardrail end treatments will be replaced, not existing guardrail or bridge railings. Hancock County will consider replacement of these substandard bridge railings and guardrail during any future major bridge rehabilitation projects at these locations. All of the included existing county bridges have substandard guardrail end treatments. When impacted by motorists head-on, existing Type I (buried end) guardrail end treatments are known to cause vaulting of the impacting vehicle. The purpose of this portion of the project is to systemically replace the guardrail end treatments with Type OS guardrail end treatments without regard to guardrail length of need, clear zone, or existing bridge guardrail type or condition. Hancock County desires to replace as many GRETs as possible within the awarded amount of funding, and this systemic approach will maximize the number of guardrail end treatments to be replaced. Johnson	1801592	Greenwood		School Zone Warning Signal / Pedestrian Crossing Signal Project	Install new pedestrian crosswalk warning signs, flashing beacons, special pavement markings and refuge areas, and install or upgrade curb ramps at areas of high conflict. The intent of the project is to install new school zone speed flashers at all schools in the city limits. In addition, where mid-block crossings are desired, new rectangular rapid flashing beacon assemblies will be installed, and curbs/sidewalks will be modified as needed to accommodate the crossing and meet ADA requirements. The project includes all K-12 schools (public/private/Various school districts) fronting Greenwood city streets.	Other	HSIP	\$409,652.00	\$409,652	\$30,000.00

Project Highlight

ADA Paratransit Service – IndyGo

IndyGo Access is a reservation-based, shared-ride service. IndyGo Access provides services to those who meet the criteria established by the U.S. Department of Transportation under the Americans with Disabilities Act (ADA) of 1990. Although federal regulation requires service within only $\frac{3}{4}$ of a mile, IndyGo Access operates throughout all of Marion County, seven days a week and with the same hours as local service.
